Y4 RE VISIT FROM THE INTERFAITH CENTRE!

This week, Year 4 had a visit from Narinder from the Interfaith centre. He came to visit us today to talk about Diwali. He explained the differences between the Sikh and Hindu Diwali stories. He played us some music too.

Y5 RE TRIP TO ST CUTHBERTS CHURCH!

Today, Year 2 has an RE visitor who told us all about how baptisms take place in church. We learnt about the special ceremony and how and why a font is used. We also found out how water is turned into holy water.

SHARING YOUR NEWS!

This week, we would like to say a huge well done to Cooper! Cooper from Anne Fine class is really proud of the two certificates he received at Rugby this week! He is doing so well!

If you have any news about your child's achievements that you would like to share in our newsletter, please speak to your child's class teacher!

SCHOOL COUNCIL RESULTS!

Here are our school councillors for this year. We would like to say a huge congratulations to all of the children who were nominated.

SCHOOL DINNERS

As of 30th October 2023 school dinners will be £2.20.

World Mental Health Day - 10th October 2023

Every year, World Mental Health Day is celebrated on 10th October. World Mental Health Day is about raising awareness of mental health and driving positive change for everyone's mental health.

It's also a chance to talk about mental health, how we need to look after it, and how important it is to get help if you are struggling.

Please click the images below to access information and resources to support mental health.

Studies have shown that reading for just a few minutes a day reduces anxiety and can improve sleep quality.

Below is a selection of books that you might enjoying sharing

NATIONAL ONLINE SAFETY

This week, our 'Wake Up Wednesday' guide from National Online Safety is about Among Us.

What Parents & Carers Need to Know about **AMONG US**

A multiplayer 'social deduction' game set in outer space, Among Us enjoyed a surge in popularity in 2020, and has since maintained a dedicated fan-base (globally, around 60 million regular players each month) thanks to its unique nature, simple premise and ease of access across numerous platforms. The game's on-screen action revolves around danger, disguise and deception – and there are certain parallels to be drawn with some of the real-life risks that parents and carers of young Among Us players need to be aware of.

AGE RESTRICTION
7
PEGI

WHAT ARE THE RISKS?

SENSITIVE PREMISE
In Among Us, up to three players are secretly assigned to be alien imposters, tasked with murdering their colleagues while the survivors try to unmask them. While the concept's not far removed from traditional games like Wink Murder or TV shows such as The Traitors, some parents may feel uncomfortable about their child playing a video game in which deception and killing are prioritised.

VIRTUAL VIOLENCE
The on-screen death of characters may be fundamental to the gameplay of Among Us, but the majority of the animations depicting this are deliberately cartoonish and only appear very briefly. However, it is worth bearing in mind that the game has a PEGI age rating of 7 – meaning that certain elements (however heavily stylised they may be) could still upset some younger players.

CHAT BETWEEN PLAYERS
With up to 15 people participating in each game online, a large part of Among Us' appeal is speculating with fellow players who the imposters might be and making accusations. This dialogue through the in-game text chat can occasionally become heated – and could, of course, involve your child being put into contact with people (including adults) who they don't know in real life.

GOING OFF PLATFORM
While Among Us provides basic ways to communicate, many gamers prefer to use external services such as Discord: a popular app which offers voice and video chat functions. These undeniably make cooperation easier, but also create a potential route for children to hear inappropriate language – or for strangers to message them privately in an environment which isn't regulated by the game itself.

IN-GAME PURCHASES
Among Us is free to download on mobile devices, and costs less than £5 to obtain on console and PC. A related longer-term pitfall, though, is that the game also includes options to pay for upgrades such as removing ads on the mobile version or adding cosmetic touches to characters (such as different costumes). It's certainly possible that a child could spend a significant sum without realising it.

Advice for Parents & Carers

CONSIDER SOFTER ALTERNATIVES
Although Among Us is hugely popular with young gamers, it's possible that some children might find the murder themes unsettling. If so, plenty of similar social deduction games are available (in both digital and traditional board game formats) which downplay the potentially grislier elements: some centre around undercover spies, for instance, and there's even a Marvel superhero-themed variant.

CHAT ABOUT CHATTING
You might feel it's prudent to talk to your child about the risks associated with voice chat while gaming, explaining in particular that strangers online aren't always who they claim to be. Keeping the conversation relaxed will reinforce your child's confidence that they can always come to you with any online concerns – not just about Among Us, but any potential future issues as well.

DISCUSS DISCORD
In general, Discord is an excellent app for keeping online communities together because of its use of dedicated individual servers, which allow comprehensive control over who can join – and who can't. Once you're familiar with the platform, you could set up a secure server for your child and their friends to communicate during games of Among Us, with no access for people they don't know.

AMONG US, AMONG FRIENDS
When your child and their friends get together, they can enjoy a private game of Among Us by choosing a 'local' lobby – that is, only people connected to the same WiFi (your home network, for example) can enter. This prevents any random online users – who may be total strangers – from joining and removes the need for voice chat, as the players are all physically in the same location.

STOP SURPRISE SPENDING
If you're concerned about the possibility of your child racking up an unexpected bill on Among Us' microtransactions, you could consider using a prepaid card with a set limit. Likewise, you could specify in the game's options that adult authorisation is required for every purchase – or you could make sure that no payment methods are enabled on the device that your child plays the game on.
